

THSSH myHistory Archive Project

Welcome to the myHistory Archive folder project sponsored by The Historical Society of the Somerset Hills. What better way to be part of a community than be adding your history to the regions largest family archive.

Below are a list of overview questions that start the founding of your personal history folder. Your information is secure in the THSSH vault (a real vault). While this form is available online to simplify the process, your folder will NOT be stored online!

We have a number of reference materials to help you think about what to add to your folder and we request that for your first pass that you add NO MORE THAN 10 ITEMS (docs, photos, family trees etc).

As a first pass, keep your THSSH myHistory folder simple. Here's our suggestion on what to add:

1. Print this form and add to your folder (Required)
2. Brief personal or family history
3. Photo of yourself/family
4. Photo(s) of your local residence
5. Family tree - starting with now as you live in the Somerset Hills - (if you name others, list where they live)
6. Any history of tombstones/cemetery information for relatives buried in the Somerset Hills
